## ANNOUNCEMENTS SEMINAR

### PROJECT OVERDOSE

Their mission? Project Opioid brings together top business, faith, and philanthropic leaders to solve the overdose crisis - one community at a time. We empower our leaders to build regional coalitions, collect groundbreaking research, and perform high-level advocacy to transform and save lives impacted by the opioid epidemic in their communities.

Alli Jimenez from Support Not Stigma

OUR PARTNER:  
ALLI JIMENEZ

Alli Jimenez, Mental Health Counselor from Support Not Stigma, will be one of the 10 powerful speakers on how drugs affect the work place. ‘In Palm Beach County, overdoses remain the leading cause of death in people under 40 years of age.’

# PROJECT OVERDOSE

— PALM BEACH COUNTY

## Business Employer Forum

### THE DRUG CRISIS IS A BUSINESS CRISIS

The opioid crisis is more than a public health issue—it's a business crisis. In Palm Beach County, overdoses remain the leading cause of death for people under 40, driving billions in lost productivity, healthcare costs, and legal risks. Local businesses must take action now. Join industry and HR leaders on October 30th to lead the way forward.

### Join Us to Learn About:

- Practical strategies for safer, healthier workplaces
- Expert insights from Kemp Chester on national and local drug trends
- CEU credits (1.5 SHRM/HRCI) available for HR and business leaders
- Supporting employees with mental health and recovery resources
- Reducing stigma to strengthen workplace culture and retention
- Connecting businesses with community partners and best-in-class programs

**Thursday, October 30<sup>th</sup>**
